Safety Systems

# SAFETY SYSTEMS

The **safety** and **operational integrity** of your industrial processes are of utmost importance. That's why discerning industrial producers regularly turn to the professionals on our team. From Analysis to Decommissioning, Champion clients benefit from the wealth of experience provided through the entire **Safety Life Cycle**.

Life Cycle offerings include services such as: Process Risk Management consulting, PHA/HAZOP facilitation, SIL Selection, SRS Development, SIL Verification, Proof Test procedures and services to support an effective Alarm Management Program.

To offer an even deeper level of support, Champion partners with **Exida**, the world leader specializing in safety critical / high availability automation systems. Clients benefit from the combined experience leveraged by this partnership. Our Functional Safety Professionals, together with Exida's expertise, allow us to implement the most robust safety systems available.

## SIS
