Project Management

PROJECT MANAGEMENT

Champion Technology Services, Inc. understands that regardless of your industry, projects often come with headaches and unplanned surprises. That's why Champion's Project Management team is dedicated to identifying and mitigating risks for our clients.

We know a successful project must:

- Deliver **what you need**
- Be **done right**
- Stay **on schedule**
- Stay **on budget**

To achieve these goals, Champion adheres to a detailed Project Execution Methodology, which aligns with **PMI's** globally-recognized standards. Our clients benefit from certified **PMPs** (Project Management Professionals) and **PgMPs** (Program Management Professionals) – the gold standards in project and program management.

From the Proposal stage to Project Close-Out, we provide a **single point of contact** for your project, and encourage an open dialogue with your Project Manager. **The result:** alignment of expectations, milestones, and cost projections.

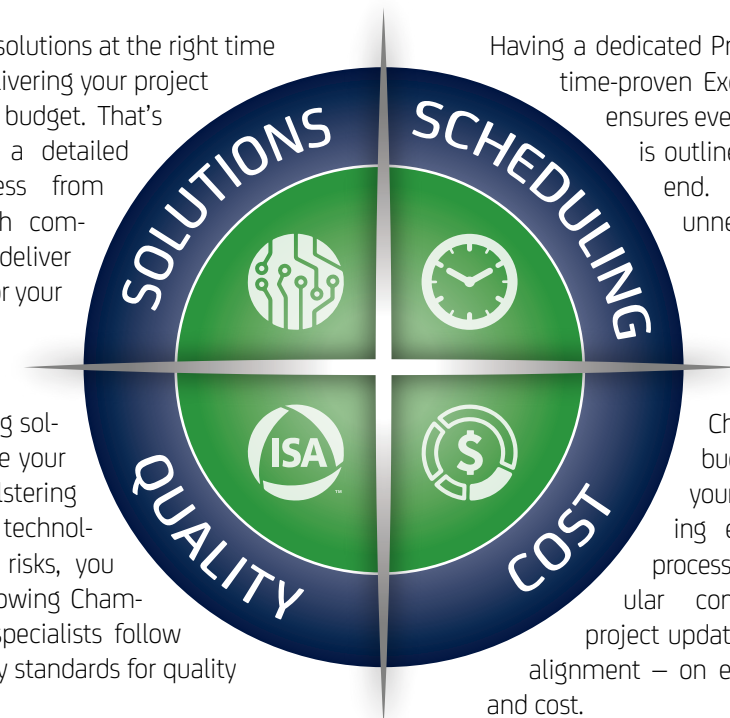

**The Top 5 Things
You Can Do To
Ensure A Successful
Project**

YOUR NEEDS – DELIVERED

Having the right solutions at the right time is essential in delivering your project on time – and on budget. That's why we follow a detailed execution process from planning through commissioning to deliver the most value for your investment.

Whether providing solutions to enhance your operations, or bolstering your operational technology to mitigate risks, you can rest easy knowing Champion's team of specialists follow the latest industry standards for quality and compliance.

Having a dedicated Project Manager and a time-proven Execution Methodology ensures every step of your project is outlined from beginning to end. No surprises. No unnecessary delays.

Champion knows your budget plays a key role in your success. By following established workflow processes and providing regular communication about project updates, we strive for total alignment – on expectations, delivery, and cost.
